

*The Ferrington Dog Club presents
a talk on snake safety for dog walkers...*

Eeek! Is that a snake?

Joe Folta, NC Wildlife Commission

So why are we talking snakes? Because like it or not we live in the woods and many of our neighbors are the slithery kind.

Our May speaker is going to tell us about snakes in general and copperheads (the poisonous ones) in particular. Our goal is to lower the fear and learn how we can co-exist. **Joe Folta**, a biologist with the **NC Wildlife Commission**, will help us to at least *try* to live amicably with these fascinating, often misunderstood creatures.

Be brave. Join us for our final meeting of The Ferrington Dog Club this club year.

All residents are welcome. No reservations required. Just come!

(Service Dogs only allowed in Gathering Place.)

What: Ferrington Dog Club
Monthly Meeting

Where: The Gathering Place

Date: Thursday, May 16, 2024
1:00 - 2:30 pm

Topic: Snake Safety for Dogs
(and their people)

Speaker:

Joe Folta, PhD
Conservation Biologist
NC Wildlife Commission
